Enter the amount of USDT that you would like to stake. Please note that the minimum is 1000 USDT.

The screenshot shows a dark-themed web interface for a staking program. At the top, there are navigation links: 'My Referral', 'Gift Cards', and 'More'. On the right, there are icons for user profile, notifications, and a light/dark mode toggle. The main heading is 'Staking'. Below it, there's a section for 'USDT' with a 'Type' of 'Locked'. A table lists the following details:

Type	Locked
Duration	30 Days
Stake Date	Jul 18th 25 11:36:39 am
Value Date	Jul 19th 25 11:36:39 am
Interest Period	1 Days
Interest End Date	2025-08-18 11:36:39
Minimum Amount	1000.00000000
Maximum Amount	986800
Estimated Interest	

To the right of the table is a 'Lock Amount' input field with a value of '0' and a 'USDT' label. Below this is the 'Terms and Conditions' section, which includes a warning: '- You must have completed your KYC Verification'. The terms list eligibility criteria, staking mechanics (30-day lock-in), and returns. An example return is provided: 'Example Stake 1,000 USDT → Receive 1,080 USDT after 30 days Stake 10,000 USDT → Receive 10,800 USDT after 30 days Stake 100,000 USDT → Receive 108,000 USDT after 30 days Profit is fixed'.

Click the "I agree to the terms and conditions" field.

The screenshot shows the confirmation screen for the staking program. It features a large text area containing the full terms and conditions, including a disclaimer about risks and a dispute resolution clause. Below the text is a checkbox labeled 'I agree to the terms and conditions', which is currently unchecked. A 'Confirm' button is positioned below the checkbox. At the bottom of the screen, there is a section for 'Enable Auto Staking' with a toggle switch that is currently turned off. Below this, it says 'Auto Staking is a feature that lets you earn staking rewards automatically without any manual effort.' At the very bottom, the 'Est. APR' is displayed as '96.00000000%'.
